FLICKPICK

Erin Hurlburt & Anna Garren - CMSI 4072

What is FlickPick?

A web application designed for anyone who has trouble deciding on a movie to watch and wants the freedom to choose content based on their personal preferences!
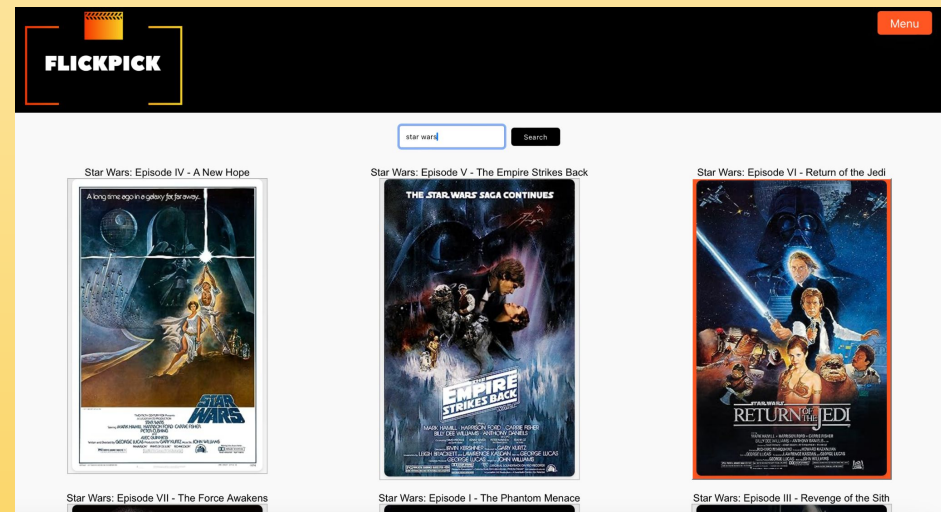

Tech Stack

Components

- FirebaseAuth login to save user info
- Search page to browse thousands of movies similar to one provided by the user
- User profile to cater movies to user preferences
- Movie info pages for each film to provide streaming service availability, movie summary, duration of film, and more

Find Your Flick with FlickPick!
